

Norwegian Training Center - Manila (NTC-M)

A/S Uglands Rederi, as a member of the Norwegian Shipowners' Association supports the NTC-M's presence and activity in Manila, which is considered important not only to the Norwegian shipowners, but also to the Philippines. The investments made by the NTC-M over the years

represent a considerable contribution to the Philippines, first of all to the individuals receiving the training, to their families, their communities and ultimately to the nation itself. A/S Uglands Rederi, as one of several Norwegian shipowners, sponsors the NTC-M's presence and work

and hopes that the training centre will be able to continue its presence and contribution to the Philippine society.
